

PLAN OF ACTION: EDUCATION

EDUCATION

Mission: Promote peace education for all ages and stages of life, including multi-cultural awareness, conflict resolution, mediation, human rights, and goal setting.

Strategic Actions:

- Research peace education models and resources
 - Introduce and upgrade “peace education” in the core curriculum of local schools throughout primary and secondary education levels
 - Seek out and work with NGOs focused on peace
 - Work with local educational leaders to present programs on peace education
 - Develop marketing materials about the need for peace education to distribute to teachers and other interested parties
 - Work with educators to develop peace education programs that can be offered over the internet
 - Promote books which increase culture and ethnic understanding
 - Form teachers groups to enable teachers to share peace education materials, class lessons, curricula & newsletters
 - Contact community organizations which promote peace and tolerance education in the community
 - Introduce children to children of other cultures through story-telling and other activities.
 - Contact elected leaders to support peace education
 - Work with local educators to improve the quality of schools.
-
